RISK AND TITLE

1. The goods shall remain the sole and absolute property of the Company until such times as the buyer shall have paid to the Company the purchase price together with the full price that is outstanding of any other goods the subject of any other Contract between the buyer and the Company. The buyer acknowledges that he is in possession of the goods solely as Bailees for the Company until such time as the full price is paid thereof to the Company together with the full price outstanding of any other goods the subject of any other Contract between the Company and the buyer. The buyer agrees that until such time as he becomes the owner of the goods, he will store them in a manner which makes them readily identifiable as the goods of the Company. The buyer's rights to possession of the goods shall cease if he, not being a Company commits an act of bankruptcy or if he, being a Company does anything or fails to do anything which would entitle the receiver to take possession of any assets or which would enable any person to represent a Petition for Winding up. The Company may for the purposes of recovery of its goods enter upon any premises where they are stored or where they are reasonably thought to be stored and then re-possess the same.

Subject to the terms hereof the buyer is licensed by the Company to agree to sell on the Company's goods subject to the express condition that such an agreement to sell shall take place as agents and Bailees for the Company whether the buyer sells on his own account or not and that the entire proceeds thereof are held in trust for the Company and shall be at all times identifiable as the Company's monies. If the buyer has not received the proceeds of any such sale he may be called upon to do so by the Company and will within seven days thereof assign to the Company all right relating to payment against the person or persons to whom he has supplied the Company's goods.
